THE N°. 305.

MARYLAND GAZETTE,

Containing the freſheſt Advices, Foreign and Domeſtic.

WEDNESDAY, *February* 27, 1751.

Extracts of Intelligence from London, as publiſhed in the Dutch Gazette.

THE 2d. Inſt. (October) the Weſt-India Merchants of this City had a Meeting and reſolv'd upon preſenting a Memorial or Petition to the Government, ſetting forth, that the Spaniſh Guarda la Coſtas renew their Depredations with as much Malice and Vigour as formerly; That they have taken ſeveral Veſſels that were carrying Goods from one Engliſh Colony to another; and that they ceaſe not to diſturb the Engliſh in the Enjoyment of the Right they have by Treaties to cut Logwood in the Bay of Campeachy, to navigate in the Bay of Honduras, and to load Salt in the Iſle of Tortuga. As the ſaid Merchants have reſolved to lay theſe Grievances before the Parliament at the next Seſſions, we are confirmed in the Notion that the Spaniſh Affairs will be one of the principal Articles of the Deliberations of the Repreſentatives of the People.

We hear that the Eaſt-India Company has reſolved to preſent a Petition to the Parliament, for obtaining an Act to forbid the Subjects of Great-Britain to be concerned in the foreign Companies actually trading, or deſigning to trade with the Eaſt-Indies; and alſo to forbid the Engliſh Seamen and other Perſons to ſerve on board their Ships in any Capacity whatſoever. —The moſt effectual Means to ruin foreign India Companies, is to aboliſh our own, and leave the Trade open to all Britiſh Adventurers.

Paris, Sept. 25. Private Letters from Liſbon, talk of three Matches deſigned for the King of Portugal's Daughters, viz. the Infanta Mary Anne Frances Elizabeth, Princeſs of Beyre who will be 16 Years old the 17th of next December, with the Infant Don Pedro, Brother of his Portugueze Majeſty, aged 31; the Infanta Mary Anne Frances, aged 14, with Don Lewis of Spain, who is 23 Years old, and is to fling away his Cardinal's Hat; and the Infanta Mary Frances Dorothy, aged 11, with the Archduke Joſeph, eldeſt Son of their Imperial Majeſties.

Conſtantinople, Sept. 17. About the latter End of Auguſt laſt, there was felt ſuch a violent Shock of an Earthquake, that the City Philippopoli, in Romania, the largeſt Capital in that Country, was almoſt totally ſwallowed up; and according to the moſt moderate Computation, no leſs than four Thouſand of the Inhabitants loſt their Lives in that dreadful Devaſtation.

The Havock which the ſaid Earthquake has made, has proved equally fatal in the adjacent Parts of that populous City, for moſt of the Villages and Hamlets thereto belonging, have either been thrown down, or overwhelmed by the ſwelling of the Waters of the River Mariza.

Bern, Sept. 23. The extreme bad Weather we have had in theſe Parts, has been fatal to ſeveral Diſtricts in this Country, and particularly laſt Week to Neufchattel, from the overflowing of a ſmall Rivulet, which after ſupplying that Town with Water runs into the Lake: This Torrent, from the vaſt Quantity of Rain, ſwelled at that Rate, that the lower Part of the Town was Twenty two Feet under Water, to the unſpeakable Damage of a vaſt Quantity of Goods in the ſeveral Shops and Warehouſes. This was not the only Miſchief, but the Rains falling with the utmoſt Violence, carried away all the Vines in the Neighbouring Mountains, and the very Earth on which they grew, leaving nothing but the bare Rocks; and a few that eſcaped, were utterly deſtroyed three Days after, by a violent Storm of Hail.

Paris, Sept. 26. Some Politicians here are of Opinion, that notwithſtanding the Pains which the Miniſters of this Court and thoſe of Great-Britain ſeem to take, in order to maintain the Peace between the two Nations, Affairs are nevertheleſs in ſuch Situation, as that it would be almoſt impoſſible to regulate them to mutual Satisfaction, without coming to an open Rupture. One of the moſt important Articles is, the Trade which is carried on upon the Coaſts of Africa. The Engliſh pretend to have the Right excluſive of other Nations, particularly the French: Theſe laſt do not acknowlege this Right, but maintain, that the Sea is free, and that they are at Liberty to trade thither as well as any Nation. Preparations are therefore making in ſeveral of our Ports to go and traffick upon the Coaſt of Guiney, and other Parts of Africa; and it is doing in ſuch a Manner, as that the Trade will be ſupported by Force in caſe of need. On the other Hand, Letters from London adviſe, that the Engliſh are firmly reſolved, coſt what it will, to oppoſe the French in this Commerce. This Article we are told, was one of the Subjects of the long Conferences which Mr. Durand who is charged with the Affairs of France at London, has had with the Britiſh Miniſtry. The other Articles of that Conference, turned chiefly upon the Limits of the Provinces which the two Crowns were in Poſſeſſion of in America, particularly thoſe of Nova Scotia; and upon the Satisfaction which this Court demands for the Inſult, which it pretends was committed by the Governor of Nevis againſt the French Frigate call'd the Galathea. The former of theſe two Articles does not ſeem to embarraſs the Britiſh Court much, becauſe ſuch Meaſures have been taken to put that Colony out of the Reach of being hurt by either the French or Indians in thoſe Parts; that the Engliſh are not very anxious about ſettling thoſe Limits. But the Article of Satisfaction gives ſome Uneaſineſs; becauſe on that depends the Evacuation of Tobago, &c. or at leaſt this Court makes Uſe of this Pretence to delay it; and it ſeems as if the Engliſh were not at all diſpoſed to give our Court the Satisfaction which it thinks due to it. Theſe Circumſtances, joined to that of the Engliſh complaining, that we have not yet fulfilled the Article of the Treaty of Aix, which regards the Demolition of Dunkirk, have but little Tendency to eſtabliſh a good Underſtanding between the two Courts.

Cologne, October 16. Of all the Viſits which the King of Great Britain has made to his Electoral Dominions ſince he came to the Engliſh Throne, that this Year will acquire him the greateſt Honour. His Majeſty has employed himſelf in laying the Foundation of a ſolid Negotiation for the Election of a King of the Romans, and conducted it with ſo much Ability and Honour, that we flatter ourſelves it is near being brought to Maturity. The Patriot Sentiments of the Electors of Mentz and Triers have been long known, and they are ſuch as no Conſiderations either in Time of Peace or War could ever alter. The laſt Treaty concluded at Hanover with the Elector of Bavaria, the Journey of Sir Charles Hanbury Williams to Warſaw, and the Appearance of a Miniſter of Merit at the Court of Bonn, have made the Votes of Cologne, Bavaria and Saxony, quite correſpondent with thoſe of Mentz, Triers, Bohemia and Hanover, ſo that it is very natural to conclude, that the Peace of Germany is ſecur'd; and that there is nothing more to be done, but to fix upon the Manner, Time, and Place to finiſh this great Work.

LONDON.

From the Utrecht Gazette.

Extract of a Letter from London, September 11.

" It is upon very good Grounds that ſome People give out that the Government is uneaſy about the Deſtination of the Squadron under the Command of M. Macnamara; for beſides that there is no Power whoſe maritime Force is capable of giving Umbrage to this Crown, the Regency have received a

Courier

Courier from the Earl of Albemarle, with Advice, that his Excellency having discourſed with the Marquis de Puyzieux about the Squadron in Queſtion, the Marquis gave him to underſtand, that the only Deſign of its putting to Sea was to exerciſe the Sailors, and that its Cruize was to terminate at Toulon, where it is to be diſarmed and laid up. A Council was held Yeſterday, about the Situation of Affairs with Spain, at the breaking up of which a Courier was diſpatched to Madrid, and we are credibly informed he is charged with new Inſtructions for Mr. Keen.

What thoſe Inſtructions are, we learn from the Amſterdam Gazette, which ſays, that Mr. Keen is ordered to make ſtrong Repreſentations to the Court of Madrid, about the Engliſh Ships lately taken by the Spaniſh Guarda Coſtas in America, as it appears, upon Enquiry, that moſt of them were drove by Streſs of Weather upon the Spaniſh Coaſts, and conſequently could not be ſeized according to the Tenor of former Treaties, &c.——But why was any Thing left undetermined between England and Spain in the definitive Treaty? Why did we not continue the War with the Spaniards, when we found them not ſincerely inclined to Peace? The Anſwer to theſe Queſtions is too obvious: It may, in two Words, be ſumm'd thus; that a Continuance of the War would have unhinged the Syſtem of In——ty and Corruption which has ſo long prevail'd; the Rope was ſtretch'd to the utmoſt that it could bear; and Money could not be found to anſwer all Demands, both Abroad and at Home, &c."

St JOHN's in Antigua, October 5.

This Week arrived the Glaſgow Man of War, Capt. Evans, from a Cruize to Windward; ſhe has been lately at *Tobago*, which Place, they ſay, the *French* have left, and that all their Settlements on that Iſland, are entirely deſtroyed.

Kingſton, in Jamaica,

October 27. From St. Anne's, we hear of a Veſſel being ſeen ſtanding in for that Bay on Monday laſt, which ſoon after was obſerved to be on fire, and ſink in a little Time afterwards.

November 5. By a Veſſel from Carthagena, we hear of an Engliſh Sloop being taken at Rio de la Hatch, ſuppoſed to be commanded by one Capt. Maſtie.

Charles Town, in South-Carolina, November 5.

On the 27th ult. arrived here the Diſpatch Snow, John Powell, Maſter, bound from Jamaica, for London, but taken off Porto Porco, by a Spaniſh Galley, and carried into the Havannah, where ſhe was detained 14 Weeks (to wait the Event of a Law ſuit the Spaniards obliged the Captain to enter into) and plundered of her Sails, and what other Things they could readily come at, that would not diſable her from putting to Sea again; and then reſtored her to her Owners. There are arrived in the Diſpatch, Capt. Kattur, of a Ship belonging to Philadelphia, Capt. Brigs, of a Boſton Schooner (both taken in or near the Bay of Honduras, laden with Logwood, and condemned at Havannah), and Capt. Rench, of the Welſh Galley, belonging to St. Chriſtopher's. Rench was bound from Virginia to Coracoa, with a Cargo of Lumber and three Horſes; but falling to Leeward, in beating up he expended all his Proviſions; upon which he bore away to go through the Gulf, and put into the Havannah for a ſupply, where, inſtead of getting it, his Veſſel was ſeized and condemned, as an Example that others for the future may not dare to put into that Port, tho' in a ſtarving Condition, which is the Reaſon given in their Proceedings.——We are informed by Capt. Powell, that there are two more Engliſh Veſſels, lately taken and carried into Havannah, which are likely to be condemned there.——*By this we ſee, that neither War nor Peace have put a Stop to illegal Seizures and Captures in the Spaniſh Weſt-Indies.*

Saturday laſt anchored off our Bar, and is now lightning in order to be brought in to refit, having ſprung a Leak, the Ship ——, Capt. Woolford, from the Bay of Honduras for London, with 400 Tons of Logwood on board. And,

This Morning put in here the Snow Sea Nymph, William Whittal, Maſter, having alſo ſprung a Leak. This unfortunate Gentleman put in here before in Diſtreſs, on the 4th of May laſt, having then loſt all his Maſts, Sails, Rigging, &c. in his intended Paſſage from Campeachy for Jamaica, and after a Scene of Misfortunes in this Port too well known to need a Relation here, and an expenſive Refit, put to Sea again on the 6th of October laſt, where he has been ever ſince, hardly able to keep the Veſſel above Water, the Worm having entered her Bottom during her tedious Stay in this Harbour.

BOSTON.

December 24. A Veſſel arrived at Portſmouth in New-Hampſhire, laſt Week from Chineto, which ſailed from Picataqua but 3 Weeks before, the Maſter of which informs, that while he was there, there were 17 Men killed and carried off by the French and Indians, who had been out upon the Picquetting Account: The Maſter further ſays, that he happened to run his Veſſel aground in coming down the River, they attacked him from the Shore, but they all got into the Cabbin and ſav'd themſelves, ſo that no Perſon was kill'd. The Shot-Holes thro' the Veſſel's Sides were plainly to be ſeen.

Extract of a Letter from Capt. Waſſe Rand, dated at Kingſton in Jamaica, November 25, *to his Owners in this Town.*

'In Latitude 19. 40, Longitude 65, I came up with a 'Long Boat, belonging to the Ship Montague, Thomas Burk, 'Maſter, of London, bound from the Bay of Honduras to 'London, whoſe Ship ſounder'd in the Latitude 33. In the 'Boat were 47 Hands, whom I took on board, and after 10 'Days arrived ſafe here, tho' our Proviſions were conſiderably exhauſted.——In the Boat were Mr. Martin Murſee, 'and two Children belonging to Mr. Pitts on the Shore.'

A Letter from Mr. Enoch Titcomb, dated at Newbury, January 10.

'On Monday the 7th Inſtant the Sloop Dolphin, bound 'from Rhode-Iſland to Boſton, Simeon Mirick, Maſter, was 'drove aſhore on Plumb Iſland in Newbury, in a violent Storm, 'and the Sloop wreck'd, the Cargo moſtly ſaved, which conſiſted chiefly of Tar, Turpentine and Proviſions: The Maſter Simeon Mirick, the Pilot John Sadler, and Benajah Bill 'were froze to Death after they got on Shore: One Man's 'Life was ſaved, who ſays the Sloop belongs to Mr Thomas 'Noyes of Stonington. The dead Men were decently buried 'this Day.'

ANNAPOLIS.

On the 4th of this Inſtant, the Wife of Mr. *Meverell Lee* of *St. Mary's* County, was ſafely delivered of Three Children, one Son and two Daughters, who are all Baptized, and the Mother and Children are all well and like to live.

Laſt Friday a Schooner, which will carry about 1000 Buſhels of Grain, came into *Clement's* Bay in *St. Mary's* County, and two Men came from her in a ſmall Boat or Canoe, and as ſoon as they landed puſh'd her off again, and walk'd up the Road. The People thereabouts, ſeeing Nobody in the Veſſel, went on board the next Day, and found no Soul there. By the Management of the two Men who left her, it is ſuppoſed that they have murdered the Maſter and Crew, or elſe run away with the Veſſel; but the former ſeems moſt probable, as there were ſome ſmall Spots of Blood on the Deck, and on ſome Cloaths which were found in her, and as ſhe is diſcovered to be the ſame Schooner which us'd to Trade into that Part from *Cherry Point* in *Virginia*, one —— *Smith* formerly Maſter. She had on board a conſiderable Quantity of Chocolate, about a dozen Bottles of *Spaniſh* Snuff, ſome Barrels of Turpentine, and ſundry other Goods; and a Pair of loaded Piſtols lay in the Cabin. The two Men who left her, and go by the Names of *Newton* and *Jones*, we are informed are gone towards *Philadelphia*, and have a Paſſ ſign'd by ſundry Magiſtrates in this Province. An Expreſs from *St. Mary's* is juſt come up with the above Account, and we hear a Hue and Cry will be immediately ſent after them.

By Letters to ſeveral Gentlemen in Town, dated in *London* in *November* paſt, we have an Account of the ſafe Arrival in *London* of the *Baltimore*, Capt. *Nathaniel Chew*, from this Province.

And by a Letter from *Virginia*, we have an Account of the ſafe Arrival in *London* of the *Prudence*, Capt. *Power*, from this Province.

Laſt Week a very unhappy Accident happen'd in *Charles* County; a ſprightly pretty Boy of but Eight Years of Age, of a good Family, was found Dead, hanging to the Limb of an Apple Tree by a Piece of a Grape Vine.

Cuſtom-Houſe, ANNAPOLIS, *Entered ſince* February 13.

Brigantine Sophia, William Kenny, from Biddeford;
Schooner Laurel, Patrick Bourr, from Virginia.

Cleared for Departure.

Schooner Katy, Richard Tittle, for Virginia;
Sloop Molly, William Smith, for Barbadoes;
Brigantine Unity, Joſeph White, for Surinam.

To the several Sheriffs, Constables, and other Officers, of the Province of Maryland.

WHEREAS, on the 22d of this Instant *February*, a Schooner Vessel, capable of carrying about 1000 Bushels of Grain, and having on board a large Quantity of Chocolate, and sundry other Goods, was deserted by her Crew, and taken up at Mr. *Blackiston*'s in *St. Mary's* County, in the Province aforesaid, where she now lies. And whereas two Men, supposed to have deserted the said Vessel, went from the said *Blackiston*'s, up the Road to *Choptico*, one of them an *Irishman*, well set, fresh colour'd, having a clear Skin, about 25 Years of Age, 5 Feet 8 or 10 Inches high, and said his Name was *Newton*: The other is thought to be an *Englishman*, of near the same Height, and went by the Name of *Jones*. They were taken up at *Choptico*, as Runaways, and being carried before Capt. *Zachariah Bond*, one of the Justices of *St. Mary's* County, they produced a Pass, signed by——*Ward*, a Justice of *North Carolina*, and also by *Spencer Ball*, a Justice of *Westmoreland* County, *Virginia*; which occasion'd the said Capt. *Bond*, not only to discharge the said Men, but likewise to sign the said Pass, as aforesaid: Since which it appears, that the said Vessel, was as aforesaid deserted; and that the abovesaid *Newton* and *Jones* were the last on board, at the Time of such Desertion.

It is further to be remark'd, that on the 23d Instant, their Passes were signed by Mr. *Hawkins*; on the 24th, by Mr. *Arnold*; and on the 25th, they applied to Mr. *Chapman* at *London-Town*, to sign the same; who finding them in different Stories, refused to do it: Whereupon they relinquish'd their Design of coming to *Annapolis*, and procured an Almanack to direct them in the Road to *Philadelphia*. They were flush of Money: *Newton*'s right Eye is black, occasion'd by a Blow; he has a large Scar on his under Lip; and is lame in his right Ancle.

Wherefore, in order to discover to whom the said Vessel and Goods do belong; and for the apprehending the said two Persons, supposed to have run away from the said Vessel (and from several concurring Circumstances suspected to have murder'd the Master of the said Vessel), that they may be dealt with according to Law: These are to require you, and every of you, to search diligently within your respective Precincts for the said *Newton* and *Jones*; and to make Hue and Cry after them from Town to Town, and from County to County, as well by Horsemen as Footmen: And if you find the said *Newton* and *Jones*, or either of them, the same to apprehend, and carry before some Provincial Magistrate, or Justice of the County where they or either of them shall be taken. And hereof fail not, at your Peril. Given under my Hand and Seal, this 27th Day of *February*, 1750|1.
